

STOVES, &c.

STILL AHEAD AND CAN'T BE BEAT!

BUC'S PATENT COOKING STOVE.

This celebrated Cooking Stove has now been before the public for several years, and is still without a successful competitor, although it has been put to the severest tests in the most exacting scenes in New York and Albany, the first premium was awarded to it, although all the New Stoves of the day were in competition. It is the best, and its price is the lowest. Its merits are unsurpassed. The oven is nearly double the size of the ordinary Cooking Stoves in use, and is heated with the most perfect uniformity. It is made of cast iron, and will take up about as much space as a sofa or chair in a break-room.

For her operation thus save we respectfully refer to the following:
